ERARD®
PRO

ERARD®

PRO

Solutions d'intégration
pour équipements audio-vidéo

ERARD had been making antenna accessories since 1961 when it entered, in 1974, the mounts and stands market.

Since then, the company has continued to grow and has developed its offer based on integrated solutions for audio visual equipment for professionals through the company Erard Pro

Today, Erard group is:

3 BRANDS

ERARD PRO: professional audio visual equipment

ERARD: wall, mount, TV stands; antenna accessories

ERARD CONNECT: connection systems

50 YEARS' EXISTENCE IN 2011

16000 SQM FACTORY FLOOR SPACE IN FRANCE

R&D INVESTMENTS

A DISTINGUISHED DESIGN DEPARTMENT

Leader in France for 50 years, Erard Pro conceives and manufactures standard and custom solutions for professional AV equipment.

ERARD PRO OPERATES IN 4 SECTORS:

- OFFICE

With our complete range of mounts and stands, we facilitate AV equipment integration in companies.

- HOSPITALITY

Erard Pro equips thousands of hotel rooms with flat panel mounts each month. From the classic hotel industry (First class to luxurious palaces) to the health care sector to the penal institutions, our savoir-faire is acknowledged by some of the largest hotel groups (ACCOR, LOUVRE HOTEL...) worldwide.

- EDUCATION

New technologies are now present in education. These products created new integration needs. Erard Pro offers many solutions, especially for IWB.

- DIGITAL MEDIA

Through our complete product line and our bespoke products, we offer a wide range of installation options, allowing installers to better communicate their client's message. Our indoor and outdoor solutions and our new product "Doohbox" prove our innovative skills.

FiXiT®

The perfect mount
for LED / SLIM screens

SLIM – as close as possible to the wall

EASY – really easy installation and adjustment

SAFE – security system to prevent fall

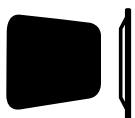

Featured at the 2010
Biennale du Design
Saint-Etienne

BIENNALE
INTERNATIONALE
DESIGN (2010)
SAINT-ETIENNE (FRANCE)

Awarded the Observateur
du Design 2011 label
Cité des Sciences - Paris

label
observateur du design 11

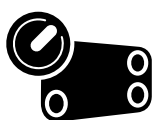

ultra-slim

THE SCREEN IS AS CLOSE THE WALL AS POSSIBLE

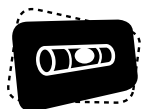

16 mm compared to an average of 30 mm for traditional mounts.

easy setting[®]

WALL PLATE HORIZONTALITY ADJUSTMENT

Feasible after drilling due to a patented system with 4 off-centre washers.
Easy assembly: 1 person is enough.

level check

INTEGRATED SPIRIT LEVEL

Makes it easy to check horizontality when installing.

secure[®]

SECURITY SYSTEM PREVENTING FALLS

Automatic screen locking.
Unlocking cable with adjustable length.
"CLIC" indicating locking and unlocking.

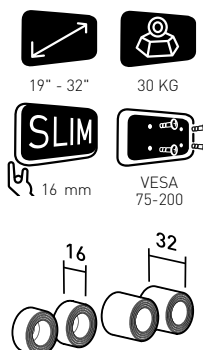

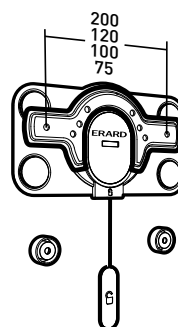

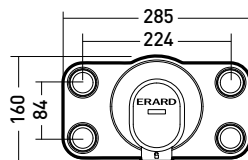

- Factory pre-assembled mount
- Screws and bolts for flat screens and solid or hollow building materials (bricks, hollow blocks; excluding plasterboard)

Protective Frame

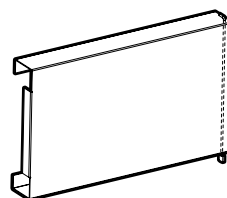

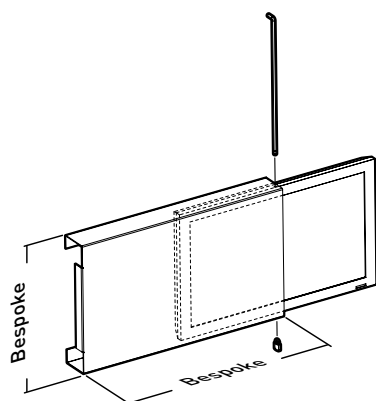

10 YEAR GUARANTEE

Ref. 717800

Protective frame for screens 26" to 60"

In order to better protect your flat screens, ErardPro proposes a simple and cost effective solution : Transparent Shield. The shield adapts to any screen, no matter what type of installation (wall, floor, ceiling, pole)

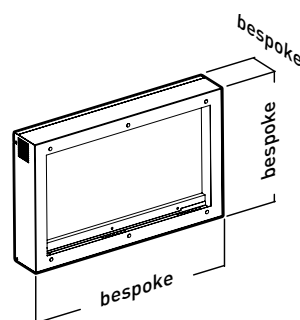

- Custom manufacturing (client provides screen dimensions)
- Transparent Plastic Polycarbonate (5 mm thick)
- Unbreakable
- Very good image restitution (no deformation)
- Easy mounting by lateral sliding
- Top and bottom folded using Thermoforming
- Locked by metallic rod and its padlock

Ref. 717634

Wall Screen Protect - WSP

- Indoor Applications
- Steel case without rear cover - epoxy coated
- For wall mounting only
- Natural ventilation - top and bottom
- Screen protection:
 - Glass or plexyglass for screens up to 32"
 - Glass for screens from 32"
- Supplied with anti-theft hardware
- Colours: Black, Silver, White. Consult us for other colours
- Different glass options: toughened / toughened and anti reflective / laminated / laminated and anti-reflective

Digital media is a developing industry. Outdoor integration of AV equipment requires protective solutions. Due to constant innovation and experience, Erard Pro developed a range of protective frames for screens or projectors. With air ventilating, cooling or heating, our frames allow advertisers to be seen in outdoor public places with a protection against temperatures (stadium, ski resorts, train station, racecourse, airstrip...)

11 characteristics which make it unique !

- Available in portrait or landscape
- Gas stout to open front cover (for single person maintenance)
- Aluminium front cover, steel body (silver colour). Other colours for silver body available in option
- Anti-vandalism glass (laminated)
- 2 security locks
- Weatherproof enclosure: IP54
- Air filtration
- 6 fans to ensure efficient air circulation
- Aesthetic design

Options:

- Anti reflective tempered glass
- AC cooling and heating solutions
- Space for set top box or PC

- Wheels can be replaced with adjustable feet

50 KG

Interactive white boards widen teaching possibilities and are more and more present in classrooms today. These boards need a specific solution to install IWB and short-throw projector to be used by adults and children.

We offer two solutions:

Educatech Wall mount

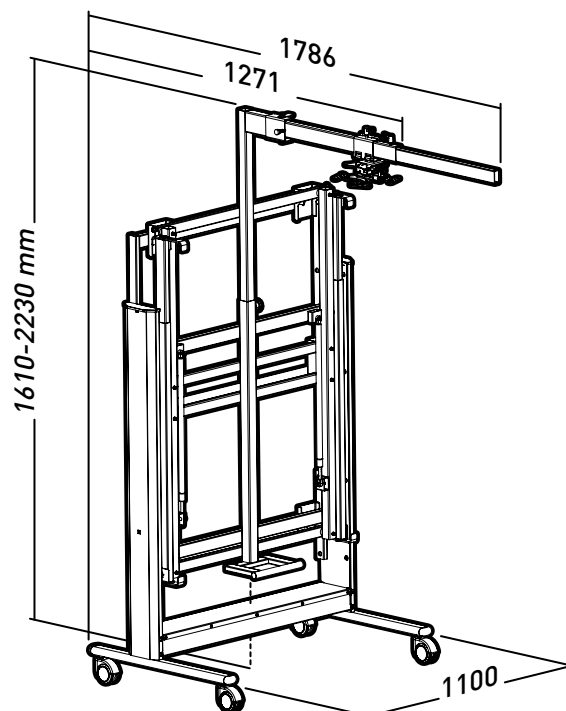

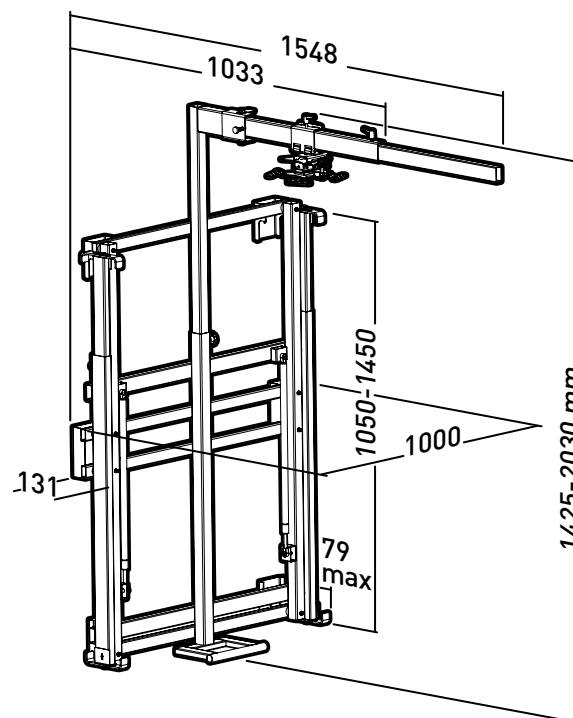

According to wall solidity, you can easily integrate your IWB and its projector to the wall.

Educatech mobile mount

You can use your mount wherever you want. Projector can be turned down with rotative arm placed upon board.

PROJECTOR AND INTERACTIVE WHITE BOARDS MOUNT

Compatible with most IWB and short-throw projectors

Ref.	610010	Universal mount for IWB – adjustable height	Ultra short throw
Ref.	610011	Universal mount for IWB – adjustable height	Short throw

ACCESSORIES
